I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I would like to protest most strongly your plans to restrict specialized medications being shipped across state lines.

In my case no local pharmacy can or is willing to make up the hormone replacement cream in the dosage that I very much need to lead a normal, happy life!!!!

Madison Lab supplies it to me, via mail, in 2 days! My doctor monitors my progress and is in contact with the Madison Lab!

If you restrict Madison's ability to help me I WILL SUFFER! It is that simple!!!!

If the standards are good enough for the women in Wisconsin, why on earth should they not be good enough for me in Minnesota?

JUST BECAUSE OF AN IMAGINARY POLITICAL LINE ALONG THE MISSISSIPPI RIVER???
I urge you most strongly to drop your plans to restrict the availability of individually compounded medications. My lab offers the wonderful service to tailor the medication to my personal needs, giving me exactly what I need.

Thank you!
